

COORDINATED RESPONSE EXERCISE

PO BOX 9123 ■ WICHITA, KS 67277 ■ 877.477.1162 ■ PDIGM.COM

CoRE Information for Operators

This program provides the opportunity for pipeline operators to interact with local first responders.

- Program Goals: Learn, Acquaint, Identify and Plan with first responders.
- "Reserved Seats for Operators" during the exercise portion of the program; seats are saved with table placards to encourage operators to merge with first responders at each table.
- Provide first-hand knowledge during the simulated product release discussion.
- Discuss how first responders may safely react to a pipeline emergency and share situational responsibilities.

Your interaction with first responders is key to a successful CoRE program.
